Nodejs and Java

## CERTIFICATION

### Programming Fundamentals With C, Coursera

Introduction To Computer Programing with C

### Core Java, Great Learning

OOPs Concept and AWT GUI Framework

## INTERNSHIP

### Web Development Internship, VBAI Solutions Pvt. Ltd.

01.2023 – 06.2023

Learn JavaScript, React JS, Next JS, Node JS, MongoDB

## EXPERIENCE

### Frontend Web Developer,

07.2023 – present

VBAI Solutions Pvt. Ltd. as Frontend Developer using ReactJS 

---

## PROJECTS

---

### **Assetcaset Project, Working**

Technology : HTML5 , CSS, React JS, Next JS, JavaScript

- **Frontend Development:** Utilized React JS to create an intuitive and dynamic user interface for handling property postings and displaying posted properties.
- **Admin Panel:** Developed a comprehensive admin panel to manage property approvals and perform various enhancements efficiently.
- **Performance Optimization:** Implemented lazy loading to ensure faster page load times and a smoother user experience.

### **E-Commerce Website**

Technology : HTML5, CSS3, JavaScript, ReactJS, MongoDB, NodeJS

- Developed an intuitive admin dashboard using ReactJS, facilitating efficient product management for administrators.
- Implemented dynamic user interfaces for seamless product browsing, selection, and checkout processes, enhancing user satisfaction and conversion rates.
- Integrated backend functionalities with MongoDB and NodeJS to ensure smooth data management .

### **Major Project, Multiple Crop Disease Prediction Web App**

Build multiple disease prediction system using Machine Learning in python

### **Mini Project, 7 Minute Workout app**

Created android app for workout activities using Kotlin in Android Studio

### **Employee management System in Python**

Created Employ management System with python tkinter GUI and Mysql

---

## STRENGTH

---

- **Problem-Solving:** Strong analytical skills with a track record of identifying issues and implementing effective solutions.
- **Adaptability:** Quick to learn and apply new technologies and methodologies in fast-paced environments.
- **Project Management:** Proven capability to manage projects from conception to deployment, ensuring timely and successful delivery.
- **Stress Management:** Experienced in implementing stress-reduction techniques and maintaining a positive attitude while handling high-pressure scenarios.
